Explanation of vehicle designations
As it is equipped with a single seat (M), single beds (E) and garage (G), the vehicle is called SKY TI 700 MEG, for example.

WHAT CONNECTS US & BRINGS US TOGETHER TO ACHIEVE OUR GOAL

With boundless passion, we at KNAUS have been creating unforgettable holiday experiences since 1960. We not only want to meet your demands, but exceed them. That's why we are constantly developing innovative technologies to make your holidays the best ever. Each of our vehicles incorporates the precision of our passionate employees and the knowledge and experience we have gained from over 60 years of caravanning.

STATE-OF-THE-ART PRODUCTION

Our development centre in Jandelsbrunn, Bavaria, is where our team designs new vehicles, tests innovative technologies and is continually creating revolutionary new products, which we definitely see as a source of inspiration for the caravanning industry. Serial production begins as soon as the prototype meets our high standards. For this purpose, we operate two further ultra-modern production sites in Mottgers, Hesse, and Nagyoroszi, Hungary. Advanced production lines enable us to take a flexible approach to new production processes.

WE HAVE RECEIVED OVER 50 AWARDS

KNAUS stands for quality. And that's not just the way we see it – numerous awards confirm that we are doing the right thing, each and every day. Our awards motivate us to deliver top performance time and time again. Of course, we are happy to share this with you, our customers. A complete chronicle of our awards can be found at

[MORE INFO ONLINE
knaus.com/auszeichnungen](https://knaus.com/auszeichnungen)

WITH PASSION AT WORK

For us, people are the focus of our attention. That is why we invest continuously in our staff and sites. Our production lines have been adapted to the individual needs of our employees. Trust, respect and a strong team spirit are the hallmarks of our team. As a leading employer in the caravanning industry, we are always happy to welcome new “holidaymakers” and provide training in various professions.

INNOVATION AT ALL LEVELS

At KNAUS, the wheels are always turning. We want to inspire you over and over again – whether that's with revolutionary technology, comprehensive new developments or progress where lightweight construction is concerned, as well as flexible or sustainable solutions. All of our findings enable us to continually improve our products and fully exploit their potential. This is how we are realising our vision of revolutionising the leisure vehicle industry. All of our innovations are driven by our desire to offer you the best ever holiday experience.

SERVICE YOU CAN RELY ON US

You can rely on our products & service partners. Every KNAUS vehicle comes with everything you need as standard to get to your destination safely. That is why we grant a 10-year leak-proof guarantee* on all of our products and only ever use high-quality components, guaranteed to give you many years of happiness. The garages and tailored services of our expert dealers are at your disposal.

*As part of our guarantee conditions valid upon handover of the vehicle, we grant a 10-year leak-proof guarantee on the body manufactured by us in addition to the statutory warranty for leisure vehicles made by KNAUS.

PREMIUM MATERIALS

We build furniture that makes your vehicle feel special. The demands placed on the furniture in our motorhomes and camper vans are incredibly high. That's why we use premium materials as well as robust designs and technologies that will inspire you for a lifetime.

Elaborate integrated furniture. Air circulation is one of the main prerequisites for a pleasant, healthy room environment (dependent on model). All furniture is rear-ventilated in a manner that optimises the performance of the heater. Open rear ventilation cut-outs ensure perfect circulation of heated air and provide cosy warmth in the vehicle.

Premium quality materials are the basis for maximising longevity. That's why we install solid cast-iron pan supports, scratch-resistant stainless steel sinks, highly durable HPL surfaces, and lots more besides.

Soft-close mechanisms. The overhead cabinets with soft-close mechanisms close gently and lock automatically. The generous fully-extending drawers with soft-close mechanisms make it easy to tidy everything away. Of course, they also close almost silently (across all series).

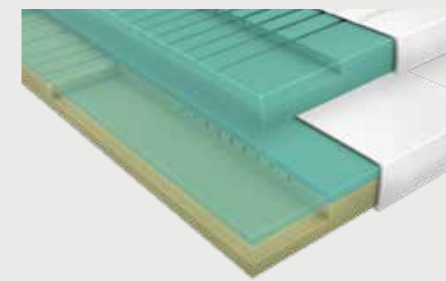

Sturdy & precision fit. The intricate dowel technology means that we achieve a high precision fit, as well as cabinetry that is considerably more sturdy. We also use solid aluminium profiles, which not only make the furniture more sturdy, but noticeably lighter too (dependent on model).

Ceiling cabinets. They have a particularly sturdy design and are mounted with clearance from the walls. This prevents condensation from forming in the cabinets and ensures that your clothing and goods always remain fresh and dry.

RELAXING & COMFY

We give the highest priority to the design of the sleeping area to ensure you wake up feeling refreshed every day of your busy holiday.

The 5-zone EvoPore mattresses not only pamper you with excellent sleeping comfort, but are exceptionally durable too (across all series).

Optimum slatted frame. We install high-quality slatted frames as standard. The distance between the individual slats offers optimum stability and superb ventilation at the same time.

Fitted sheets. Our precisely fitting, optionally available sheets optimise the lying comfort.

More than an ambient light. Wherever atmospheric lighting will make your holiday more special, we install carefully integrated, dimmable ambient lighting (optional). The elaborate lighting concept featuring the unique KNAUS logo creates an exclusive overall impression (dependent on model).

ACTIVE LINE fabrics are extremely easy to clean. Liquids do not seep in immediately and most stains can be removed with a damp cloth. Ideal for families and dog owners thanks to the superb easy-care properties.

A weight saving of up to 50% despite a much higher usable capacity. The optional **lithium-ion batteries** are perfect for anyone who is often self-sufficient.

Our body doors. All KNAUS cabin doors are equipped with a weather-resistant double seal. They also feature a particularly quiet, vehicle locking system and are available in an extra-wide version depending on the layout (motorhomes and CUVs).

Pleasant seating comfort is not an option but part of the standard equipment. Regardless of which upholstery and fabrics you choose, you can always rely on one thing: seating comfort optimised for the respective model is part of the standard equipment on every KNAUS motorhome or camper van. That is why we include, depending on the model, ergonomic seat cushions that optimally support your back.

Standard fabrics all convince with durable materials and an attractive design that matches the respective furniture decor.

The choice is yours! With a choice of fabric styles, you can add your personal touch to the interior of your vehicle. This includes the upholstery covers, as well as the design of both the curtains and net curtains.

PRACTICAL SERVICEBOX

Connecting, filling, draining: our ServiceBox can do it all. Here a power supply socket, there a drain valve and the fresh water tank is somewhere else entirely – this is how the supply technology is arranged in many motorhomes, but not in ours. Every KNAUS motorhome is equipped with the practical ServiceBox, which gathers all key functions and connections centrally at a single location. For maximum ease of use (motorhomes and CUVs).

The integrated **head-up display** increases your safety. All of the relevant information, such as the directions from the Pioneer navigation system, are projected directly into your field of vision (optional).

Durable Pro.Tec frame. The Pro.Tec frame is a particularly solid aluminium profile strip that connects the side wall, front wall, rear wall and roof to one another. It improves the stability of the bodywork and therefore also the longevity of the entire vehicle. A particular highlight: the Pro.Tec frame incorporates a chamber for the sealant. This means that it can no longer bulge out, ensuring a seamless appearance (motorhomes/dependent on model).

Sophisticated technology. With KNAUS smart CI, the central control of the technical units is particularly easy and user-friendly. Our control panel with 4.3-inch capacitive touch screen is the most convenient and easiest way to centrally control all functions of the vehicle. Like a smartphone, it can be controlled intuitively by touching the screen. It allows you to see the temperature in the vehicle or tank levels at a glance (dependent on model/optional).

INNOVATIVE FOLDXPAND REAR CONSTRUCTION

Maximum living space with compact exterior dimensions: two issues that are forever at the forefront of our minds when designing our vehicles, but which do not always go together at first glance. But we've found a way: with the revolutionary FoldXpand rear construction, the rear light moulding forms a completely flat surface with the rear wall, creating a sporty and completely new rear end design for the caravanning industry. Depending on the model range, this makes it possible to maximise the space inside without changing the exterior dimensions, or to make the vehicle more compact overall without losing even an inch of space inside (motorhomes and CUVs).

Navigation Specially developed for motorhomes and camper vans in 44 countries: promobil's "Stellplatz-Radar" app for finding campsites, smartphone operation with voice control, a high-contrast 9" multi-touch display, compatible with wireless Apple CarPlay, Android Auto and Weblink. Integrated DAB+ receiver, including map updates for 3 years (optional).

Alloy wheels & all-season tyres Our 17" alloy wheels with an exclusive KNAUS design give the vehicle a particularly coherent and dynamic overall appearance (optional). They are resistant to salt water, which makes them perfectly suitable for use in winter too.

ARRIVE SAFELY AND IN STYLE

A sure thing: to ensure you can rely one hundred percent on your vehicle, we equip every motorhome, camper van and CUV with high-quality materials. Combined with advanced technology, this results in ingenious features for a truly relaxed holiday experience.

CATEYE evolution rear lights. Increased driving safety and distinctive KNAUS night-time signature thanks to the 3D design of the lights, dynamic LED indicators and integrated failure sensors (motorhomes and CUVs).

We only use **quality products** from renowned suppliers, such as 3M, Avery and Oracal (across all model ranges).

Maximum safety. Modern inner track keys slide particularly easily into the lock but don't get caught in your trouser pocket thanks to their smooth surface (motorhomes and CUVs).

For maximum hail protection, we install a **high-strength GRP roof** with a fibreglass content that is almost three times greater than that of standard GRP (motorhomes and CUVs).

*As part of our guarantee conditions valid upon handover of the vehicle, we grant a 10-year leak-proof guarantee on the body manufactured by us in addition to the statutory warranty for leisure vehicles made by KNAUS.

WELCOME TO OUR FULLY-INTEGRATED MOTORHOMES

The most eye-catching motorhomes on the road!

The chassis is completely integrated into the specially designed bodywork, which gives the vehicle a distinctive and elegant appearance. In addition to their design, our fully-integrated motorhomes also boast a number of handy features, such as a lifting bed at the front – there is so much room, even without an overcab section. The perfect choice for campers who prefer the finer things in life and their home comforts, rather than speed.

SUNI

LIVE I

3-Axle

LIVE I

2-Axle

PERFECTLY BUILT FROM SCRATCH

FRONT-END HOODS

Unique design for a striking appearance: the front-end hoods of our fully-integrated motorhomes feature a progressive design. The Sideblades under the passenger and driver windows featuring a chrome highlight and the name of the model range add a stylish touch (optional).

EXCELLENT GRP UNDERBODY

We install a thick, tough GRP layer in order to best protect the underbody against the weather as well as impacts from stones or the like (dependent on model).

HIGH-STRENGTH GRP ROOF

Not all GRP is the same. Resistance depends on how high the glass content is. For maximum protection against hailstorms, we decided on the high-strength variant with a fibreglass content that is almost three times greater than that of standard GRP (Across all series).

EASY ACCESS

The optional, electric step makes it easy for you to get into your fully-integrated motorhome. The unique cab doors include a number of handy features, including a ticket holder and coin tray.

INSULATING GLAZING

The side windows and door in the SUN I are fitted with insulating glass panes as standard for improved sound and thermal insulation.

MORE INFO ONLINE
knaus.com/fully-integrated-structure

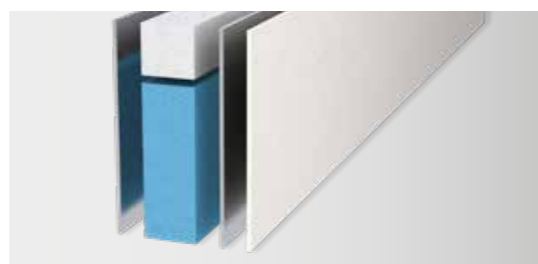

Full-led Headlights

Optimum luminosity and visibility, low energy consumption and enormous durability: The headlights with low beam, high beam and daytime running light in full LED technology are convincing in design as well as on all other levels.

Durable TVT+ structure

The special body technology made of aluminium sheet and premium XPS insulation makes the SUN I extremely durable. In addition, heat is optimally distributed throughout the vehicle and the aluminium inner wall offers you the best protection, even in violent thunderstorms.

Panoramic Windscreens

Our large panoramic windshields allow maximum viewing angles up, down and to the side. This means more active safety for you thanks to an optimum overview (across all model series).

ALKO Tandem Deep frame chassis

The low centre of gravity and the particularly torsion-resistant chassis ensure exceptional driving and comfort features as well as maximum safety when driving.

TRAVEL WITHOUT WORRIES

Arrive safely, relax and enjoy.

An excellent motorhome is the combination of innumerable practical and high-quality details. When furnishing our motorhomes, we attach great importance to a high degree of safety and maximum comfort.

Blind Spot Warner. Our Blind Spot Warner helps you keep track of side and rear traffic. The system gives you the necessary all-round view not only while driving but also when maneuvering. Pure safety! (Dependent on model / Optional)

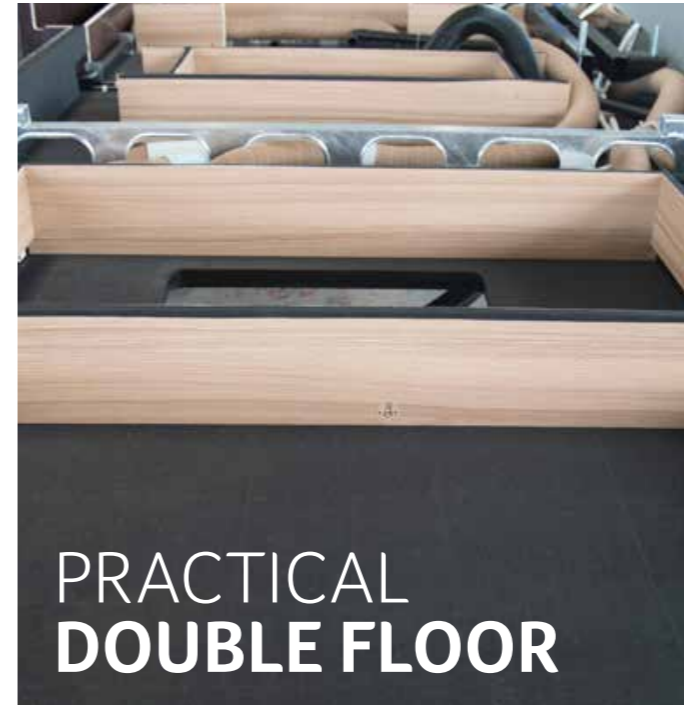

Practical longitudinal gas box. For particularly easy access and even faster exchange of the gas bottles, we install a longitudinal gas box. This is suitable for two 11 kg gas bottles placed next to each other (Across all series).

Sewer valve camera & electr. drain valve. The SUN I 3 axles can be Optionally equipped with a waste water valve camera to simplify the positioning of the vehicle over the drain. The standard electric drain valve can be conveniently operated from the cab (Dependent on model / Optional).

Simply and securely closed. Multipoint locking but with the convenience of single-handed operation. We aim to provide maximum convenience in the form of doors that can be operated using one hand. The double seal also ensures that heavy driving rain and wind noises do not dampen your holiday experience. Our garage doors and service doors come with convenient central locking so that you don't have to individually lock and unlock every single one. Everything is secured at the press of a button. The optional alarm system provides even more protection.

PRACTICAL DOUBLE FLOOR

Our double floor ensures cosy warmth due to double-layer insulation even in the coldest outside temperatures. Water and heating pipes are installed in such a way that they are protected against frost and damage. Alongside the benefits with regard to insulation, the double floor has a practical advantage too. It also serves as a loading option for bulky objects such as skis or camping furniture, as well as several storage compartments for smaller utensils. A particular highlight: The storage space beneath the bench is easily accessible from both the inside and the outside. (Dependent on model)

Luxury AGUTI seats. So that – even after driving hundreds of kilometres – you arrive refreshed and feeling good, we install the excellent AGUTI seats either as a standard feature or an optional extra in our fully integrated vehicles, depending on the model. They include a number of features for your safety and comfort (across all series).

Comfortable driver's cabin design. There is also a spacious storage compartment 2 with well thought-out shelves located next to the passenger seat, so that your co-driver has everything which might be needed while driving at hand. Smartphone, tissues, sunglasses – everything is easily accessible and well stowed. (Across all series).

Interior variants. Feel at home on the road. Our interior furnishings have precisely this aim. Depending on your requirements and preferences, you can choose from many different options for bed, bathroom and kitchen. Discover the possible variants here.

COMPACT FULLY-INTEGRATED VEHICLE FOR THE BEST HOLIDAYS EVER

A generous living space in combination with the most compact external dimensions possible, so that even narrow streets can be mastered without any problems: The VAN I makes this possible. As the most compact of our fully integrated vehicles, it offers a generous feeling of space with a total length of 5.99 m to 6.96 m.

550 MF

- ⊕ 4 belt-secured seats
- ⊕ 4 sleeping places
- ⊕ French bed, lifting bed

650 MEG

- ⊕ 4 belt-secured seats
- ⊕ 4-5 sleeping places
- ⊕ Single beds, lifting bed

Highlights

- ⊕ Extremely compact – only 2.20 m wide
- ⊕ Standard lifting bed
- ⊕ Full-LED headlights

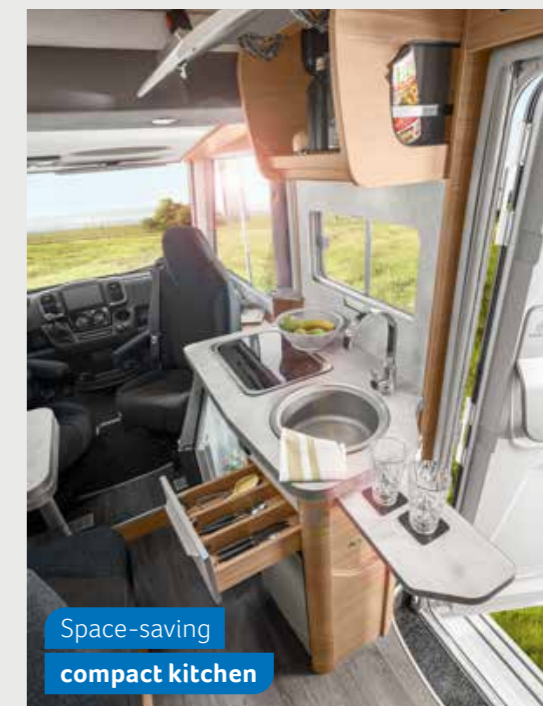

L-shaped bench with side seat

WELCOME TO YOUR HAVEN OF WELL-BEING

From the tremendous feeling of spaciousness to the modern yet cosy ambience, the emphasis here is on style. Despite its compact design, the VAN I boasts clever layout solutions, all the mod cons, and a whole host of design features.

Spacious galley kitchen

Space-saving compact kitchen

VAN I 550 MF. The 550 MF convinces with open lines of sight. The suspended table of the mono seating group has a table extension that can be swivelled out.

VAN I 550 MF. In the 550 MF, in addition to the coat hooks and the floor-level wardrobe, there is a clothes rail between the body door and the bed area.

VAN I 650 MEG. The optional L-shaped seating area is a wonderful and comfortable spot to sit and relax thanks to the lumbar support, which comes as standard.

VAN I 650 MEG. Fully-extending drawers make loading particularly easy for you. All the way into the back corners. Soft-close mechanism for silent and effortless closing.

VAN I 550 MF. With a refrigerator (AES), spacious fully-extending drawers and foldable worktop extension, the kitchen is fully equipped despite the most compact vehicle dimensions.

VAN I 650 MEG. The extendable work surface, ample storage space and a handy spice rack in the galley kitchen are sure to set hearts racing.

VAN TI PLUS

NEW

NEW

PERFECTLY BUILT FROM SCRATCH

+ AIR CONDITIONING

In tropical temperatures, our optional roof-mounted air conditioning systems ensure your vehicle remains pleasantly cool inside. Choose a manual or automatic air conditioning system for the driver's cab – a pollen filter is always included.

+ LONG-LASTING TVT BODYWORK

Functional sandwich construction consisting of aluminium and insulating materials (XPS or EPS) with reinforcements made of polyurethane plastic and a completely bonded bodywork structure makes the entire vehicle more stable, more resistant to decay and more durable (Optional).

+ HIGH-QUALITY FILMS

Timeless design is of little use if the vehicle starts to look old after just a few years. That is why we insist on high-quality films from reputable suppliers such as 3M, Avery and Oracal.

FOLDXPAND REAR CONSTRUCTION

Automotive rear design, flush-mounted taillight carrier & maximised living space. To find out what makes the FoldXpand rear construction so unique, **see page 11.**

MORE INFO ONLINE
knaus.com/semi-integrated-structure

Body door KNAUS PREMIUM

The weatherproof double seal keeps pouring rain and other bad weather firmly at bay. The automotive locking system is extremely quiet and has a multipoint lock. A window fitted with a pleated black-out blind provides additional light. Further highlights: a small, multifunctional bag in the KNAUS design and umbrella holder are attached to the door (optional).

Practical insect protection door

The optional insect screen door is perfectly integrated & keeps mosquitoes and flies out safely.

Easily accessible electrics

Perfectly organized! Thanks to the central positioning of the entire vehicle electrical system, as here in the VAN TI in the rear garage, all important elements are easily accessible and clearly arranged. This saves time in case of maintenance (dependent on model).

Optimum gas supply

Depending on the model, there is a gas locker on the side of the vehicle for two 11 kg gas cylinders, where they can both be accommodated side by side, which makes them very easy to change. Combined with the very easy-to-swap optional gas filter insert, the entire gas system and all gas-operated devices are effectively protected.

**LFI
ROOF SCOOP**

The latest LFI technology (Long Fibre Injection) is used for the roof scoop with integrated insulation. Thanks to the fibre-reinforced polyurethane used here, the components are particularly light and at the same time highly stable and resistant, even in extreme heat and cold. (Dependent on model)

A strong foundation forms the basis for every home. It's the same with our vehicles. That's why we build our motorhomes on durable and powerful chassis. We always keep in mind what is important in the individual series,

Intelligent assistance systems. The list of modern driver assistance systems is long. Many of them already come as standard with our vehicles, such as the electronic immobiliser or Hill Start Assist. By adding other optional systems, you can precisely tailor your KNAUS vehicle to your needs.

Maximum driving comfort & safety. The high-quality 2-channel air suspension is standard equipment on all KNAUS motorhomes on a VW CRAFTER chassis.

Simply and securely closed. Multipoint locking but with the convenience of single-handed operation. We aim to provide maximum convenience in the form of doors that can be operated using one hand. The double seal also ensures that heavy driving rain and wind noises do not dampen your holiday experience. Our garage doors and service doors come with convenient central locking so that you don't have to individually lock and unlock every single one. Everything is secured at the press of a button. The optional alarm system provides even more protection.

Interior Variantes. Feel at home on the road. Our interior furnishings have precisely this aim. Depending on your requirements and preferences, you can choose from many different options for bed, bathroom and kitchen. Discover the possible variants side by side here.

knaus.com/tourer-van

Highlights

- + Two unique and innovative layout solutions
- + Compact external dimensions and an interior width of 2 metres
- + Sliding bed optional

COMPLETE FREEDOM MORE COMPACT THAN EVER

The TOURER VAN combines compact dimensions with the most enjoyable driving experience, giving you a palpable sense of freedom. Unique layout solutions, outstanding comfort and the advantages of the VW T6.1 chassis make it the ideal travel companion for up to four people.

500 MQ

- + 4 seats with belts
- + 2-4 sleeping places
- + Transverse bed

500 LT

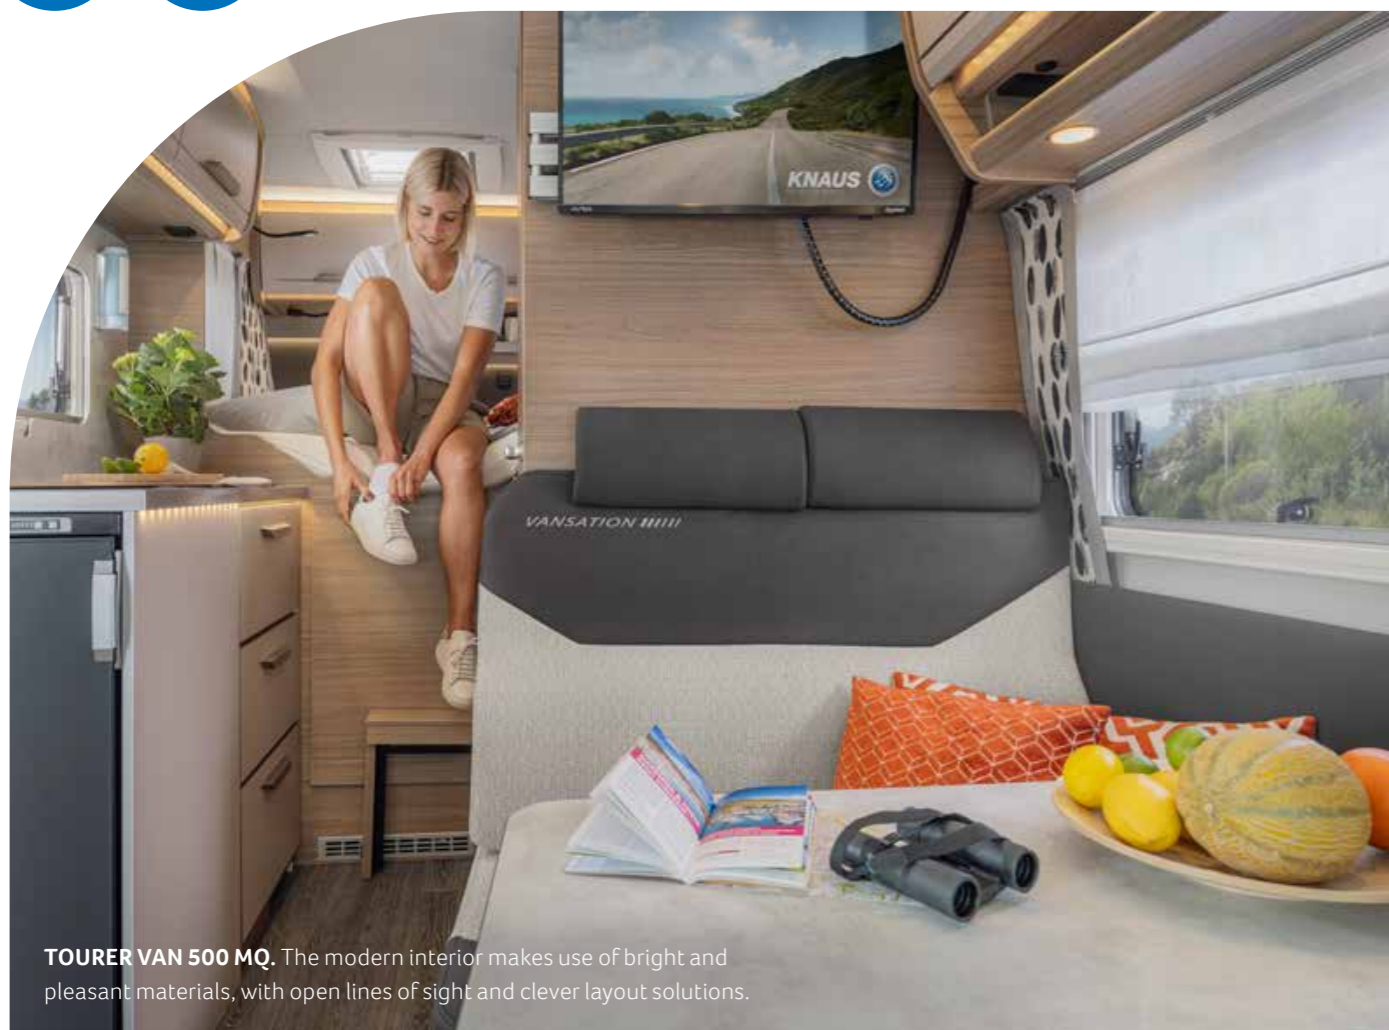

- + 2-4 seats with belts
- + 2-4 sleeping places
- + Face-2-face seating area

CONFIGURATOR ONLINE
configurator.knaus.com

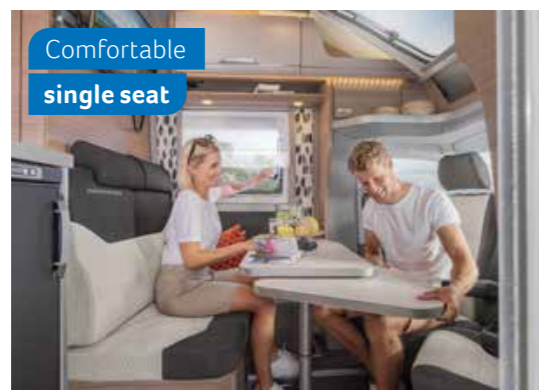

TOURER VAN 500 MQ. The modern interior makes use of bright and pleasant materials, with open lines of sight and clever layout solutions.

COMPACT SPACE MIRACLE

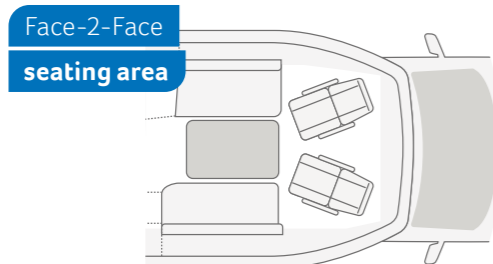

Turn compact into spacious: in the TOURER VAN we use every centimetre for amazing ideas and clever solutions. This is the only way to create a VAN class that makes very big holiday dreams come true in very small dimensions.

TOURER VAN 500 MQ. Thanks to the swivelling table extension and rotating cab seats, the compact mono seating group in the 500 MQ offers space for up to 4 people.

TOURER VAN 500 LT. The face-to-face seating area provides enough space for you to relax and unwind. The generous feeling of spaciousness and numerous storage options leave nothing to be desired.

TOURER VAN 500 LT. The two benches together with the cab seats can accommodate six people.

Spacious galley kitchen

TOURER VAN 500 MQ. The spacious kitchen offers a well-organised kitchen unit with side-mounted compressor fridge, 2-burner hob, sink and plenty of storage space.

TOURER VAN 500 LT. A large sink and a 2-burner hob can be found beneath the glass cover.

TOURER VAN 500 LT. Truly compact: the compact kitchen in the 500 LT boasts a well-designed layout and the refrigerator on the end can be easily reached from both inside and outside.

LOUNGE VARIANTS

- Single seat 500 MQ
- Face-2-face seating area 500 LT

Pull-out sliding bed

TOURER VAN 500 MQ. The optional slide bed can be easily pulled out and offers up to two additional sleeping places in the front. This turns the compact TI for 2 into a motorhome for 4.

SLIP INTO THE COMFORT ZONE

Getting a good night's sleep and taking your time to get ready are the perfect way to start your (holi)day! With the TOURER VAN, both go hand in hand: innovative bathroom and bed solutions create multifunctional comfort zones for up to four people.

Cosy transverse bed

TOURER VAN 500 MQ. Make yourself really long on holiday – that's exactly what you can do in the large transverse bed at the rear of the 500 MQ with its generous lying area.

TOURER VAN 500 MQ. Small in size, big in impact. The optional sliding bed is also available in a single bed version – giving you more storage space and elbow room.

TOURER VAN 500 LT. In the evening, the face-to-face seating area can be converted into two full-sized sleeping places in just a few simple steps.

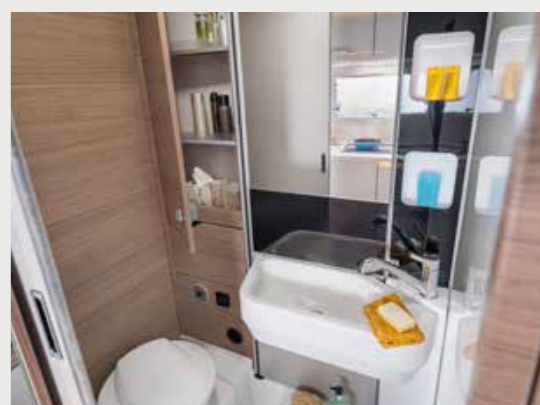

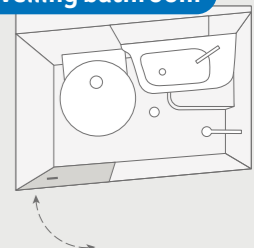

Revolutionary Xpand bath

TOURER VAN 500 MQ. The shower compartment can be pulled upwards with the practical handle. The folding partition folds out backwards into the bed area.

Individual swivelling bathroom

TOURER VAN 500 LT. The swivel wall can easily be moved into the position you need at the moment. This gives you either a spacious shower cubicle or a generous washbasin

TOURER VAN 500 MQ. The washbasin can easily be moved to the side, so the toilet can be used at any time – even when the shower is folded out.

knaus.com/vanti

Highlights

- ⊕ Ultra compact – only 2.20 m in width
- ⊕ FoldXpand rear construction
- ⊕ Practical ServiceBox

**UNPARALLELED
MANOEUVRABILITY**

Narrow, winding roads are no problem at all for the highly manoeuvrable VAN TI. Despite its compact exterior dimensions, it offers the largest living area in its class and a wide range of mod cons.

550 MF

- ⊕ 4 Seats with belts
- ⊕ 2 Sleeping places
- ⊕ French Bed

640 MEG

- ⊕ 4 Seats with belts
- ⊕ 2 Sleeping places
- ⊕ Single beds

650 MEG

- ⊕ 4 Seats with belts
- ⊕ 3 Sleeping places
- ⊕ Single beds

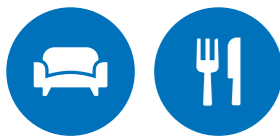

FIAT 550 MF & 650 MEG are built on a Fiat chassis.

 640 MEG is built on a VW chassis.

CONFIGURATOR ONLINE
configurator.knaus.com

L-shaped bench
with side seat

VAN TI 550 MF. The 550 MF impresses with its open lines of sight and can be optionally equipped with the extra comfortable L-shaped seating group including a movable single-column lifting table. This creates additional living space and allows optimum room to move.

VAN TI 650 MEG. Enjoy a pick-me-up, an afternoon treat or an Irish coffee – after all, coffee makes the world go round. Thanks to the 230V plug socket and capsule holder, there is room in the compartment above the side seat in the VAN TI 650 MEG for a capsule coffee machine or your tea collection.

Spacious
galley kitchen

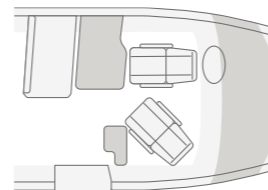

VAN TI 650 MEG. The extendable work surface, ample storage space and a handy spice rack in the galley kitchen are sure to set hearts racing.

COMPACT OUTSIDE, HUGE INSIDE

The furniture made by master craftsmen, the integrated ambient lighting and the smartly placed storage compartments make the VAN TI so unique.

Comfortable
single seat

VAN TI 650 MEG. For highest seating comfort & a healthy posture, the back cushions are equipped with optimised volume and an ergonomically curved lumbar support

VAN TI 550 MF. In the 550 MF, in addition to the coat hooks and the floor-level wardrobe, there is a clothes rail between the body door and the bed area.

Space-saving
compact kitchen

VAN TI 550 MF. With refrigerator (AES), full-extension drawers and foldable worktop extension, the kitchen is fully equipped despite the most compact vehicle dimensions.

MORE INFO ONLINE
knaus.com/vanti

Spacious
single beds

VAN TI 650 MEG. The elaborate lighting concept provides for a particularly cosy ambience. Thanks to the practical power connections (USB & 230V), not only you but also your smartphone can be recharged overnight.

VAN TI 650 MEG. The steps make it easy to get in and out of the single beds. A real plus point, just like the spacious wardrobes with clothes rails and all of the extra storage space under the beds.

VAN TI 550 MF. Despite the most compact exterior dimensions, the interior of the 550 MF features a French bed that is almost 2 metres in length. It blends in perfectly with the layout and gives you the maximum amount of space.

A TEMPLE OF RELAXATION & WELL-BEING

Sweet dreams are guaranteed in the sleeping area with its elaborate lighting concept, while the luxurious bathroom is particularly spacious. Experience total relaxation, wherever you are.

Well-designed
comfort bath with swivelling wall

VAN TI 640 MEG. The 640 MEG has a comfortable bench toilet that is particularly easy to clean and offers plenty of space.

VAN TI 550 MF. The washroom is equipped with a bench toilet, storage compartment and practical shower preparation. The separate washstand offers extra storage space and is perfectly integrated into the room.

Spacious
rear longitudinal bath

VAN TI 650 MEG. A clever swing wall in the comfort bath ensures that you quickly have an extra generously sized shower cubicle. A smart magnetic closure simply seals the shower door watertight.

configurator.knaus.com

THE PERFECT SYMBIOSIS OF HOME COMFORTS & DRIVING DYNAMICS

If a smooth ride is just as important to you as your home comforts, then the VAN TI PLUS on a VW Crafter chassis is the perfect travel companion for you. With numerous driver assistance systems and a choice of optional drive concepts, you can tailor it entirely to your individual needs.

VAN TI PLUS 650 MEG. Sitting in the cosy seating area, you can talk about all of your impressions of the trip so far. And start planning your next destination.

SPACE & TIME TO ENJOY YOUR HOLIDAY

Harmonious interior design to make you feel extra cosy combined with clever solutions to make your holidays unforgettable.

VAN TI PLUS 650 MEG. In this kitchen with a practical 2-burner hob, there is plenty of storage space for kitchen gadgets and supplies in the fully-extending drawers. Thanks to the worktop extension, extra space can be created in no time at all for preparing meals.

VAN TI PLUS 700 LF. In the multifunctional lounge, the height-adjustable pedestal table offers you plenty of legroom and can be used as a handy shelf between the two additional seats.

VAN TI PLUS 700 LF. The cosy L-shaped seating group offers plenty of space for company. An absolute highlight: It can optionally be converted into two additional belt-secured seats in the direction of travel. And if the guests want to stay overnight, a comfortable guest bed for two people is just as easy to create here.

VAN TI PLUS 700 LF. The well thought-out room concept creates a modern ambience. The opposite position of the refrigerator allows quick access.

Spacious corner kitchen

VAN TI PLUS 700 LF. Each corner is optimally used here. For example for extra storage space, a particularly deep sink or a high-quality 3-flame cooker with cast iron grate.

Spacious single beds

VAN TI PLUS 650 MEG. There is a generous storage space with clothes rails under the more than 2-metre-long single beds. This is very easily accessible thanks to a practical folding mechanism and particularly spacious access.

Comfortable French bed

VAN TI PLUS 700 LF. The clever layout creates extra space for a full-length wardrobe. Thanks to several storage compartments and a clothes rail, you can stow everything comfortably here.

Flexible guest bed

TIME FOR RELAXATION

*Sleep in heavenly peace in the cosy beds.
The optional panoramic skylight affords a magnificent view of the night sky, so you can fall asleep with the stars.*

VAN TI PLUS 700 LF. The lounge can easily be converted into a comfortable guest bed. Lower the single-column lift table, insert the cushions and relax.

Well-designed comfort bath with swivelling wall

VAN TI PLUS 650 MEG. A clever swing wall in the comfort bath ensures that you quickly have an extra generously sized shower cubicle. A smart magnetic closure simply seals the shower door watertight.

VAN TI PLUS 650 MEG. The large mirror, premium fittings and an open shelving unit with a dark slate look for all the things you need to keep within easy reach – designed for those who appreciate the finer things in life.

Spacious longitudinal bathroom

VAN TI PLUS 700 LF. Thanks to a separate washbasin perfectly integrated into the living area, the bathroom with toilet and shower cubicle can be used simultaneously. A full mirror cabinet offers plenty of space for all cosmetics.

with side seat

A FEEL-GOOD VIBE

A light and airy space with tasteful ambient lighting – not to mention the modern interior design: feeling good has never been so easy.

Spacious
corner kitchen

SKY TI 650 MEG. In the galley kitchen, the refrigerator is installed in a separate spot adjacent to the kitchenette. Thus the complete kitchen block is available as storage space and the refrigerator is particularly large, at up to 142 litres.

SKY TI 650 MF. You can arrange all of your favourite spices to be within easy reach in the handy kitchen shelving unit. The open design adds to the modern ambience.

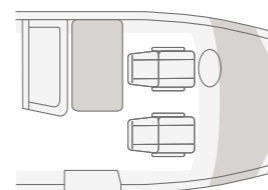

SKY TI 700 MEG. Another reason why the living area looks so elegant and tidy is because you can make the 27" Full-HD LED SMART-TV (optional) with integrated digital receiver disappear from sight behind the rear seat.

SKY TI 650 MF. The stylish ambient lighting in the cosy L-shaped seating area makes it the perfect place to while away the evenings with your friends or family. Board games and other items can be stored in the overhead cabinets with soft-close mechanisms, which lock automatically.

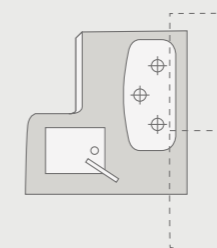

SKY TI 700 MEG. The open-plan design of the SKY TI leaves nothing to be desired. The angled design of the furniture gives you the maximum amount of space.

Comfortable
single seat

SKY TI 650 MEG. Drawers with ball-bearing full extension. They extend so far out that they can easily be accessed all the way to the back.

KNAUS CAMPER VANS TRUE MASTERPIECES FOR YOUR HOLIDAYS

Daily routine, time off or holidays? Our camper vans can do it all. Experience everything in a day and be fully refreshed tomorrow. Not possible? Sure it is! With our manoeuvrable and well-equipped camper vans, you can always enjoy five-star comfort with all the benefits of home. Thanks to their well-designed layouts with lots of luggage space and their easy handling, they are also perfect as an everyday vehicle.

BOXLIFE PRO 600 XL

BOXLIFE 600

BOXDRIVE 600 XL

BOXDRIVE 680

BOXLIFE PRO 600

BOXLIFE 630

PERFECTLY BUILT FROM SCRATCH

WATER TANK

With a fresh water tank that can hold up to 110 litres, our Camper Vans even allow you to travel self-sufficiently for several days at a time. When temperatures dip, warm air circulation prevents the water from freezing.

ON-ROOF AIR CONDITIONING

In hot temperatures, our optional air conditioning systems ensure a pleasant cooling of the interior. They also have a heating function and can dehumidify the air in the room.

REAR VIEW CAMERA

The optional rear view camera is perfectly integrated into the rear panel and offers you perfect visibility to the rear.

LARGE ROOF VENTS

Large roof vents in all of our Camper Vans ensure a pleasant living area with plenty of natural light. In our BOXLIFE PRO XL high-roof models, the optional panoramic roof in the high-roof and a hinged window in the rear bring extra light into the interior.

WELL THOUGHT-OUT GAS SUPPLY

The diesel heater included as standard in our BOXDRIVE and BOXLIFE models ensures that gas consumption is kept to a minimum. A 2.7 kg gas bottle is perfectly sufficient for a reliable gas supply to the gas cooker and can be positioned directly next to the fresh water tank to save on space. In our BOXLIFE PRO models, the heater is operated the conventional way with gas. We have therefore left enough space for up to two 11 kg gas bottles. The gas bottle locker can be securely locked.

OPTIMUM INSULATION

We use a closed-cell polyethylene foam on the ceiling and sidewalls to avoid any cavities where water is able to collect, providing the Camper Van with the best possible insulation and preventing rot from setting in.

PERFECTLY DESIGNED HIGH-ROOF

The additional GRP roof structure in our BOXLIFE PRO XL high-roof models ensures an incredible interior height of up to 238 cm. The double-shell construction means that the temperature throughout the vehicle is always pleasant, and the aerodynamic shape blends in seamlessly with the overall design.

MORE INFO ONLINE
knaus.com/camper-vans-aufbau

The panoramic window CUV & SpaceRoof

In H2 layouts, the optional panoramic window (front) ensures a particularly light-flooded living area. For extra room height and particularly convenient access to the driver and passenger seats, the H2 layouts are alternatively available with the optional SpaceRoof roof extension. (Dependent on model/optional).

Pop-up roof LFI-Construction

The pop-up roof is manufactured using unique LFI technology as one single part and offers the best insulation values and maximum stability. Its aerodynamic shape improves handling. **See page 112 for more information about the pop-up roof.**

Screen door & Step

We install flyscreen doors in our Camper Vans as standard. The optional step provides you with convenient access. The electric soft-close sliding door is a particular highlight and almost closes on its own.

Everyone travels in their own way. But everyone wants the utmost comfort as well as handy features. In our Camper Vans you can enjoy the very best equipment and highest quality materials that will inspire you for a lifetime. Adventure-loving couples and large families alike will be equally happy with the different body heights and vehicle lengths.

knaus.com/camper-vans-aufbau

Floor structure
& dinette platform

The base plate, which is perfectly adapted to the body shape, has a sandwich construction. In addition to an added insulation effect, this maximises the interior standing height of our Camper Vans. We also install an intermediate floor in the dinette, and the temperature control will keep your feet nice and warm (dependent on model/across all series).

High-quality
screens

We use insulating, soft-touch moulded parts in the sleeping and seating areas. They are pleasant to the touch and prevent condensation from forming on the surface.

Maximum
variability

The entire interior is jam-packed with multi-purpose solutions, like the floating dinette table for barrier-free access and the seating area featuring adjustable individual seats.

Innovative
shower curtain

You all know how a wet shower curtain in a Camper Van can cling to your body like a magnet. An integrated air chamber in our compact bathroom, which helps the innovative shower curtain to maintain its shape and keep it away from your body, has put an end to this (optional).

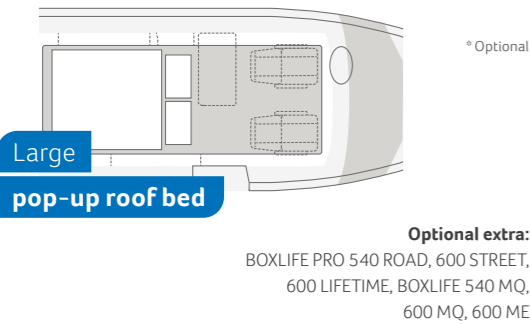

CAMPER VAN WITH POP-UP ROOF

Convertible function. The front side can be opened and folded away easily from the inside. This gives you a unique view. A mosquito net and black-out system provide privacy and optimal insect protection.

For those who want to reach for the sky. With the unique camper van pop-up roof*, you can turn your camper van into a two-storey comfort zone in no time at all. The entire roof is manufactured as one single part using the latest LFI technology. This means it offers the best insulation values and maximum stability.

Great feeling of space. In the living area you always enjoy the complete headroom of 190 cm.

Night light. The RGB ambient lighting creates a cosy atmosphere. And you can enjoy the very best night's sleep on the two-layer cold-foam mattress.

SPOILT FOR CHOICE

Feel like you never left home. That's exactly what we're aiming for with our interior design. Depending on your needs and preferences, you have a choice between lots of different bed, bathroom and kitchen options. Discover all of the possible variants here.

FRONT LIFTING BED VARIANTS

Flexible sleeping places for restful nights. For everyone who needs an additional separate sleeping area, our front lifting beds are the solution. Whichever variant you choose, you can always rely on especially simple handling and maximum sleeping comfort.

VARIO FRONT LIFTING BED

Room above and to the side. The Vario front lifting bed with headroom of 100 cm and side extension offers maximum variability and premium sleeping comfort.

Comfortable height. In daytime mode, when the Classic lifting bed is not lowered, you have a comfortable standing height here.

Classic
front lifting bed

Standard: BOXLIFE 600 DQ,
BOXLIFE PRO 600 SOLUTION
Optional extra: BOXLIFE 630 ME,
BOXLIFE PRO 630 FREEWAY

Protection against falls. The classic front lifting bed is also suitable for children thanks to the special safety net.

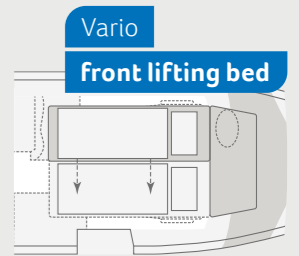

CLASSIC FRONT LIFTING BED

Enjoy a comfortable rest on two cold foam mattresses with headroom of 50 cm. The Classic lifting bed can be easily pulled down manually by the handle and pushed back up again.

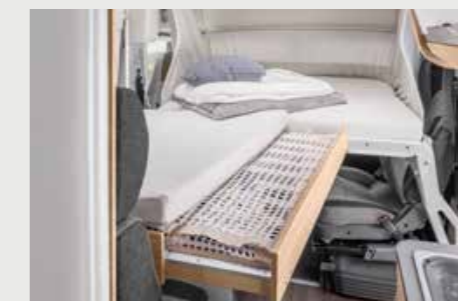

Single or double bed? The Vario front lifting bed always offers you just as much space as you need at the time.

Electric motor. An electric motor is also available as an option for even greater ease of use.

Optional extra:

FIAT All layouts are built on a Fiat chassis.

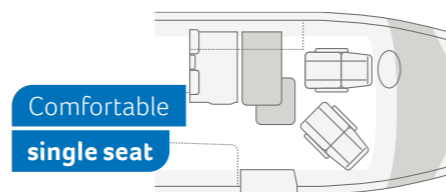

CONFIGURATOR ONLINE
configurator.knaus.com

BOXLIFE 600 ME. The innovative Vario rear concept facilitates multifunctional use as storage and living space at the same time.

FULFILLS ALL EXPECTATIONS

You are guaranteed to love spending your time here. The tasteful interior design in the living area combined with plenty of room and the flexible storage space solution at the rear make the BOXLIFE a hero on any trip.

BOXLIFE 600 ME. The floating dinette table offers maximum legroom as well as plenty of extra space for eating, working, planning your trips. What's more, the tabletop can even be extended.

BOXLIFE 600 ME. Swivel TV bracket. Watch TV from the comfort of the dinette or even your bed.

BOXLIFE 630 ME. The large Midi-Heki ensures a bright ambience with plenty of natural light. The shelves and storage units above the driver's cab and dinette provide lots of extra storage space.

BOXLIFE 540 MQ. The compact kitchen makes very efficient use of the space available. The compressor refrigerator is positioned in the lower part of the kitchen unit and can be opened towards both sides thanks to its double hinges.

BOXLIFE 630 ME. Looking good – always. In the galley kitchen, the large refrigerator is located next to the kitchen unit. Large storage cabinets, a spice rack and the fold-out worktop extension will make the kitchen one of your favourite places to be in no time at all.

BOXLIFE 630 ME. The fully-equipped kitchen has plenty of space for storing items, preparing meals and, of course, fun. Turn even a short break in route into a treat for all the family.

BOXLIFE 630 ME. Fully-extending drawers. Can be pulled out completely, making them particularly easy to access.

knaus.com/boxlife

Cosy
transverse lifting bed at the rear

BOXLIFE 540 MQ. Best view for relaxing nights. That is freedom that inspires! Simply open the rear doors and enjoy the view. Depending on how much storage space you need, the height of the lifting bed at the rear can be adjusted.

Spacious
lifting single beds at the rear

BOXLIFE 600 ME. Enjoy some peace & quiet and a restful night's sleep in the single beds. Also enjoy a clear view of the stars thanks to the roof hood, which comes as standard.

BOXLIFE 540 MQ. The ceiling cabinets above the bed offer plenty of room for clothes, books and bits and pieces. LED reading lamps under the cabinets provide pleasant light.

MORE ROOM ON YOUR HOLIDAY

The BOXLIFE is always ready for spontaneous holiday adventures. The lifting beds at the rear can be individually adjusted according to how much storage space you need. Meanwhile, the space in the bathroom has been used so efficiently that you can enjoy a tremendous feeling of spaciousness.

Multi-purpose
compact bathroom

BOXLIFE 540 MQ. Every centimetre is put to best use here with the moveable mirror and rotating toilet.

BOXLIFE 630 ME. The bathroom can be efficiently organised by moving the shower cabin into the passage. As a result, the open bath gives you plenty of elbow room.

BOXLIFE 600 ME. Clean up outdoors. The shower head extends particularly far, so you can even use it outdoors.

knaus.com/boxlife

MAXIMUM FLEXIBILITY

Get more out of your camper van by putting more into it: only possible with the BOXLIFE. When you choose a BOXLIFE, you are opting for the highest degree of versatility that a camper van has to offer.

OPTIONAL FEATURES

Additional bed. The additional bed is attached under the rear lifting bed, it can be removed flexibly, and the divided slatted frame enables an individual use. This creates 4 further variants of use.

STANDARD EQUIPMENT

Starting with 2 sleeping places. You can raise and lower the double rear lifting bed to your individually selectable sleeping height. The available storage space in the rear is determined by the position of the lifting bed.

Travelling with maximum storage space. The BOXLIFE includes a diesel-powered heating system underneath the bench as standard. A 2.7-litre gas cylinder, which is positioned next to the water tank at the rear to save space, is all you need to ensure a reliable gas supply. This way almost the entire vehicle width can be used as flexible storage space.

The standard rear lifting bed can be used at different heights and adapted to your individual needs with further options.

BOXLIFE 630 ME. Are you taking your e-bikes with you? Then the optionally available electrical outlets are an absolute must-have.

BOXLIFE 600 MQ. Each BOXLIFE is equipped with a rear lifting bed with two-layer cold foam mattresses.

Couch option. The rear slatted frame can easily be folded up. That way, you will receive a couch with a unique view.

Longitudinal double bed as an option. In layouts with a rear lifting bed the lower additional bed can also be used as a spacious double bed with longitudinal sleeping areas in minimum storage space.

Transverse double bed as an option. Two additional sleeping areas and use of storage space up to a bicycle and other luggage.

Transverse single bed as an option. One additional sleeping area and use of storage space up to two bicycles and other luggage.

PRO VERSATILITY AND INNOVATION

The BOXLIFE PRO has an impressive array of options, be it in the sleeping area with its range of bed variants or in the bathroom with its innovative toilet system.

BOXLIFE PRO 600 STREET. The storage space below the bed has been improved, so the spacious rear garage is now easily accessible and provides ample space for all your holiday equipment.

Cosy transverse bed

BOXLIFE PRO 600 STREET. The semi-dinette seats and driver's seat can be converted into a practical spare bed for spontaneous sleepovers.

BOXLIFE PRO 600 STREET. In addition to getting a great night's sleep in the spacious transverse bed, if you open the rear doors, you can also enjoy a fantastic view.

Multi-purpose compact bathroom

BOXLIFE PRO 600 STREET. Small washbasin, big: the practical extension transforms the compact washbasin into a comfortable, spacious basin in no time at all.

Exclusive open bathroom

BOXLIFE PRO 600 STREET. With the BOXLIFE PRO, the shower curtain is held in place by a magnet – the curtain can also be removed for drying.

BOXLIFE PRO 600 STREET. The sliding toilet creates more room for a spacious shower.

CITY LOVER ON THE OUTSIDE ADVENTUROUS CAMPER ON THE INSIDE

A flexible family vehicle while commuting, a junior suite while on holiday: the TOURER CUV is ready for your adventures – be it on your own while commuting or full of passengers while on a family holiday.

Highlights

- ⊕ Suitable for use around town, flexible and fully equipped for camping
- ⊕ Innovative pop-up roof concept with a headroom of 2.17 metres throughout
- ⊕ Versatile interior for holidays and commuting

COMBINES THE BEST OF BOTH WORLDS

TOURER CUV 500 LT. When the roof is closed, the TOURER CUV will even fit under a carport. And this is just one of the highlights that make it suitable for use around town and a genuine camping wizard.

500 MQ

- ⊕ 4 Seats with belts
- ⊕ 2-4 Sleeping places
- ⊕ Transverse bed

500 LT

- ⊕ 2-4 Seats with belts
- ⊕ 2-4 Sleeping places
- ⊕ Face-to-face seating area

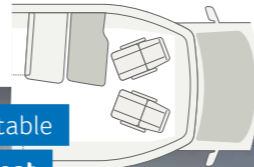

TOURER CUV 500 MQ. Quickly popping into town for some shopping? No problem. Thanks to its compact dimensions, the CUV will fit through narrow streets and into many parking spaces. While the large rear garage has plenty of room for your family's weekly shop or luggage. Making it the perfect combination of urban chic and fully-fledged motorhome.

All layouts are built on a VW chassis.

Comfortable
single seat

TOURER CUV 500 MQ. The comfortable seating area, modern layout and bright furniture make the interior a great place to relax and unwind. Ideal for rainy days and cooler evenings.

Face-to-Face
seating area

TOURER CUV 500 LT. Two benches can comfortably accommodate four people. What's more, the seating area can be converted into a spacious double bed.

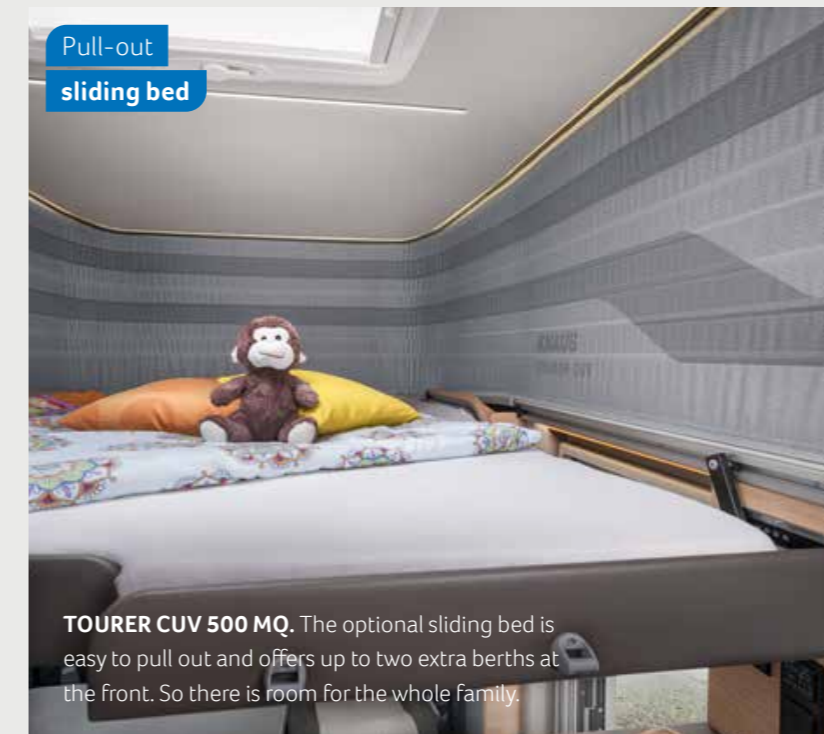

Space-saving
compact kitchen

TOURER CUV 500 LT. The compact kitchen with compressor refrigerator and 2-burner hob is great for preparing all kinds of delicious meals. And when you are not cooking, the smart glass cover provides additional work space and makes everything look neat and tidy.

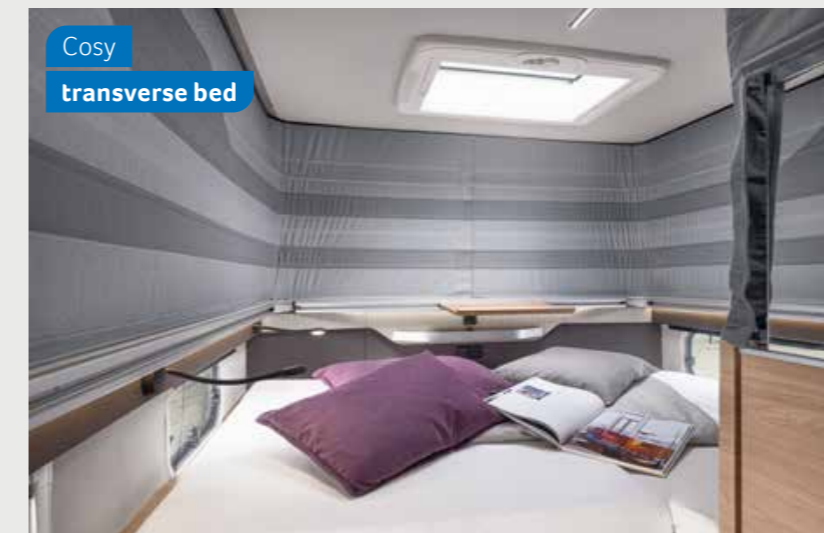

UNCOMPROMISING SENSE OF WELL-BEING

The fully-equipped TOURER CUV has two layouts with up to four comfortable berths and a cosy atmosphere, allowing you to completely relax and unwind while on holiday – on either a city break or rural adventure.

Pull-out
sliding bed

TOURER CUV 500 MQ. The optional sliding bed is easy to pull out and offers up to two extra berths at the front. So there is room for the whole family.

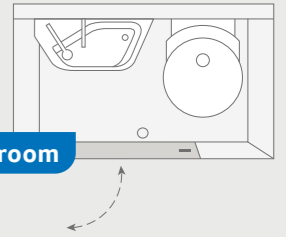

Cosy

SWEET DREAMS IN THE HIGH-ROOF BED

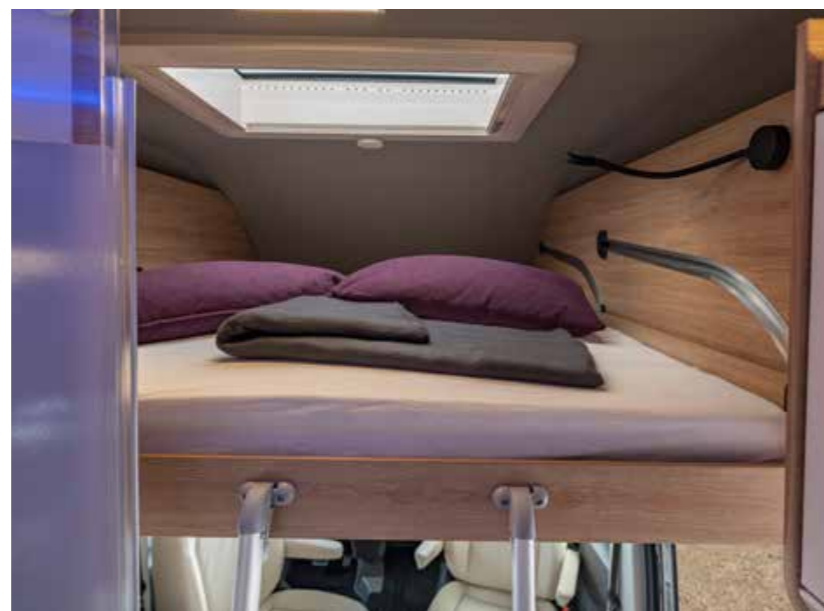

The high-roof body makes the vehicle feel incredibly spacious inside with a comfortable headroom of up to 238 cm. The smooth-operating, high-roof bed can be lowered with just one hand, creating two separate sleeping areas in the process. Perfect for friends or families.

GENEROUS SLEEPING PLACE

The high-roof beds not only boast a great view and comfortable mattresses, but plenty of sleeping space too. In the BOXLIFE PRO STREET XL, you can completely stretch out or cuddle up with your other half in the high-roof bed measuring 207 cm x 130 cm.

Heavenly sleep. Dimmable side windows and fully-fledged cold-foam mattresses ensure optimal sleeping comfort.

Great feeling of space. The entire living area gains in height with the high-roof construction. This also improves the sleeping comfort.

Unique headroom. Even when the high-roof bed is extended there is still a headroom of more than 170 cm (238 cm when retracted).

SPACE-SAVING AND SMOOTH-RUNNING

The high-roof bed is particularly easy to retract and extend in a single action. A special mechanism ensures that it engages securely. The ladder makes it easy to get in and out of the bed.

Unbeatable views from above. You not only get the best view of the interior from the cosy high-roof bed, but there are also lots of handy shelves and the optional height-adjustable TV is at eye level too.

Our catalogues are also available for caravans.

Information on the product delivered, dimensions, mass and appearance, correspond to our understanding at the time of printing (01/2025). We reserve the right to make changes to fittings, technical data, series equipment and prices. Please make every effort to be fully informed about these matters by your authorised KNAUS dealer before making your purchase. After a contract has been concluded, we reserve the right to make technical changes within the framework of the construction insofar as they serve technical progress and are acceptable for the customer. Minor colour and texture deviations are also reserved – even after conclusion of the contract – insofar as these cannot be avoided due to the material structure (e. g. colour deviations of up to approx. 2.0 dE between paint on sheet metal and paint on GRP/plastic) and are reasonable for the customer. Some of the illustrations show equipment features that are not included in the standard equipment and that can be ordered for an additional charge (optional equipment) as well as some equipment features of prototypes/studies that do not correspond to the standard equipment and therefore cannot be ordered as optional equipment. Slight colour deviations of the illustrations in the brochure from the actual vehicle cannot be completely excluded for printing reasons. Therefore, before purchasing a vehicle, please seek comprehensive advice on the current status of the series from an authorised KNAUS dealer. The decoration shown in the catalogue is not part of the equipment supplied. Please also note the comments in the current price list, in particular on weights, load capacities and tolerances. Please note that the number of beds indicated may include beds for both adults and children. The beds do not have the same dimensions. We therefore recommend that you consult your KNAUS dealer about the dimensions of the beds provided in the vehicle so that you can decide whether they are suitable for the occupancy (adults/children) you intend to have. For some models, additional equipment must be selected in order to achieve the maximum possible beds. Your KNAUS dealer will be happy to advise you. Reprinting, even in extracts, is only permitted with the prior written permission of Knaus Tabbert AG. We reserve the right to change content at our discretion. Concept & design: brandort markenschmiede GmbH.
